

Curriculum Vitae – Jordy Groffen, MSc

Home address:
309 Cedar Hill Drive
Blacksburg, Virginia
United States of America

Phone number: +1 5408310835
Email address: Jordy.groffen@gmail.com

Field of interest

Conservation, climate change, ecology, behaviour, herpetology, wildlife, invasive species

Education

- 2009 - 2012 **MSc Animal Sciences – Animal health and behaviour**
Wageningen University & Research Centre (WUR), Wageningen, The Netherlands
Thesis: "Effects of age and rearing strategies on levels of natural antibodies in saliva of the Philippine crocodile"
<http://www.ahr-journal.com/en/oa/DArticle.aspx?type=view&id=210130103>
- 2009 - 2012 **MSc Animal Sciences – Animal welfare and ethology**
Swedish Agricultural University (SLU), Uppsala, Sweden
Thesis: "Tail posture and motion as an indicator of emotional state in pigs"
https://stud.epsilon.slu.se/4692/7/groffen_j_120820.pdf
- 2005 - 2009 **BSc Animal Husbandry**
INHolland University of Applied Sciences, Delft, The Netherlands
Thesis: "Lungworm parasites in Australian cane toads as a possible biological solution"

Professional expertise and experience

| Date | Position | Field of study | Institute/university |
|---------------------|-------------------------------------|--|---------------------------------|
| Sept 2017 - Present | Research technician/ Lab manager | <ul style="list-style-type: none">Breeding ecology of the Giant salamander (<i>Cryptobranchus alleganiensis</i>)Wood duck incubation and impact of egg temperatureTree swallow parental behaviour | Virginia Tech, USA |
| Jan 2017 - Aug 2017 | Researcher/ Research assistant | <ul style="list-style-type: none">Habitat use of endangered tree frogs (<i>D. suweonensis</i>) in rice paddiesCombining genetic and morphological data of hibernization in tree frogs to establish conservation plans for the <i>D. suweonensis</i>Invasive golden apple snail adaptation to colder climates<i>Rhabdias</i> infection prevalence in <i>Bufo gargarizans</i><i>Saprolegnia</i> impact on <i>B. gargarizans</i> breeding | Ewha W. University, South-Korea |

| | | | |
|------------|----------------------------|--|------------------------------------|
| | | <ul style="list-style-type: none"> • The impact of climate change on breeding phenology (calls) of amphibians • Comparing phylogenetics of red squirrels and weasels in Northeast Asia | |
| Feb 2008 - | Researcher/ | • The impact of invasive cane toads on native wildlife in a semi-closed gorge system in Australia | Kimberley |
| Jan 2016 | Research technician | • The migration of lungworm parasites in the cane toad frontline in Australia | Specialists in Research, Australia |
| Nov 2015 - | | Observational study on the black flying fox as a potential pollinator of the Australian boab tree (in collaboration with Prof. Pettigrew, Queensland University) | |
| Jan 2016 | | | |
| Mar 2014 - | | Population genetics of freshwater turtles in Western Australia (in collaboration with Dr. Fitzsimmons, Griffith University, Australia) | |
| Jan 2015 | | | |
| 2009-2016 | | Parasite collection from Northern Australian reptiles (collaboration with Dr. Barton, Northern Territory Museum, Australia) | |

Peer-reviewed manuscripts

1. **Jordy Groffen**, Seung-Yoon Oh, Sera Kwon, Yikweon Jang, Amaël Borzée. 2019. High mortality in *Bufo gargarizans* eggs associated with an undescribed *Saprolegnia ferax* strain in the Republic of Korea. *Diseases of aquatic organisms* 137, 89-99.
2. Amaël Borzée, Desiree Andersen, **Jordy Groffen**, Hyun-Tae Kim, Jeongju Ha, Bae Yoonhyuk, Yikweon Jang. 2019. Climate change-based models predict range shifts in the distribution of the only Asian plethodontid salamander: *Karsenia koreana*. *Scientific reports* 9, 11838.
3. **Jordy Groffen**, Sungsik Kong, Yikweon Jang, Amaël Borzée. 2019. The invasive American bullfrog (*Lithobates catesbeianus*) in the Republic of Korea: history and recommendation for population control. *Management of Biological Invasions* 10 (3), 517-535.
4. John R. Connock, Brian F. Case, Sky T. Button, **Jordy Groffen**, Thomas M. Galligan, William A. Hopkins. 2019. Factors influencing in-situ detection of PIT-tagged Hellbenders (*Cryptobranchus alleganiensis*) occupying artificial shelters using a submersible antenna. *Herpetological Conservation & Biology* 14 (2), 429-437.
5. **Jordy Groffen**, Amaël Borzée, Yikweon Jang. 2018. Positioning of two treefrog species within rice paddies in relation to different habitat borders. *Animal Cells and Systems* 22 (3), 205-211.

Skills

| | | |
|------------------|--|---|
| Technical | Scientific data collection and entry Scientific writing Student supervision and education (Venomous) herpetofauna handling General haemolysis-hemagglutination assay | PCR amplification and sequencing DNA extraction Biodiversity surveys (flora and fauna) Camera-trapping Live animal trapping |
| Languages | Dutch (native), English (good) | |

Additional courses and training

- First Aid Certificate June 2019
- BLS/AED Provider Certificate June 2019
- ArcGis, two-day course 2017
- Social & Behavioral Research (CITI program, 2019)
- Basic Responsible Conduct of Research Course (CITI program, 2019)
- Conflict of Interest and Commitment for Faculty, Staff and Students (CITI program, 2019)
