

Share the Hellbender Story!

Grading Rubric

STUDENT NAME: _____ CLASS PERIOD: _____

ITEM	10 9	8 7	6 5	4 3	2 1	0
Information/ content 10 points	Project demonstrates an excellent understanding of hellbender biology, ecology, and conservation, and all key pieces of information are present.	Project demonstrates a very good understanding of hellbender biology, ecology, and conservation, but 1-2 key pieces of information are missing.	Project demonstrates a good understanding of hellbender biology, ecology, and conservation, but 3-4 key pieces of information are missing.	Project demonstrates a fair understanding of hellbender biology, ecology, and conservation, but 5-6 key pieces of information are missing.	Project demonstrates a poor understanding of hellbender biology, ecology, and conservation, and most key pieces of information are missing.	Project contains no information about hellbender biology, ecology, and conservation, or was not submitted.
Design 6 points			Project exemplifies a well-planned and thoroughly executed effort with an emphasis on neatness and organization.	Project is fairly well-designed, but there are 1-2 components that needed more care and effort.	Project is somewhat poorly designed with some lack of attention to detail and 3-4 components that needed more care and effort.	Project demonstrates a total lack of attention to detail and design, or was not submitted.
Creativity 6 points			Project is interesting, helpful, and engaging, and represents a significant creative effort on the part of the student.	Project is generally interesting, helpful, and engaging, but some aspects needed more care and effort.	Project is not particularly interesting or engaging, and much more care and effort was needed.	Project demonstrates a lack of creativity in all aspects, or was not submitted.
